

Gay Straight Alliance

Statement of Purpose

Gay Straight Alliance is safe and inclusive organization for students to meet. Members will support and be an outlet for one another and for all students on campus. We will talk about issues related to sexual orientation and how to lessen the isolation of LGBTQ (Lesbian, Gay, Bisexual, Transgender, and Questioning) students and to create a more supportive, inclusive campus environment and culture. As a club, we would also like to raise awareness of social injustices based on sexual orientation through educational programming, dialogue and any other format we deem appropriate.
