

SGA SUGGESTION BOXES

*You've got
questions,
We've got
answers!!!*

February 19, 2007

Suggestion: *Please install a pencil sharpener in the Commons.*

Answer: After talking with the administration, we discovered that the pencil sharpener had been taken down during the construction, and for some reason wasn't put back up. A work order has been placed, and the pencil sharpener should return shortly. We apologize for the inconvenience.

Suggestion: *Be more consistent with the newspaper delivery. Some days we get papers, other days we don't. There aren't even any papers lying around anymore.*

Answer: I understand your complaint. We are in the process of talking with USA Today about the inconsistency of newspaper delivery lately for our Collegiate Readership Program, sponsored by the Student Government Association. We'll also talk with physical facilities and ask if they'll leave some of the papers instead of throwing them away immediately. However, the students could also help with this. After reading a paper, we ask that you please return it to the newspaper rack so other students can use it. Hopefully this can serve as a temporary solution.

Tyler Bradshaw
Vice President, Student Government Association
