

SGA SUGGESTION BOXES

*You've got
questions,
We've got
answers!!!*

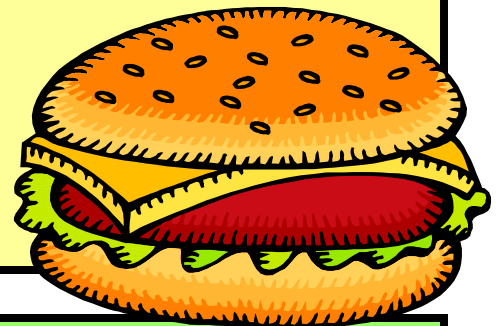

February 2, 2007

Suggestion: *What's up with the Harrier's Nest? They're running out of everything. Is there any way we could get a salad bar or at least some healthier options?*

Answer: Thanks for the suggestion, and once again I understand your argument and concern for the campus. We always appreciate suggestions regarding the food service on campus, and our commitment to improving the quality of food service here at MUH has been unwavering. We take all suggestions regarding the food service very seriously, and they have been forwarded to both Dr. Bob Rusbosin, the Associate Dean and Director of Student Services, and Mr. Chris Connell, the Senior Director of Administration who negotiates the contract with AVI, our food service provider. Mr. Connell and Dr. Rusbosin always appreciate hearing your suggestions for the food service, and our organization does as well.

In the meantime, I would ask that you check out the final report from the Schwarm Commons Renovation Committee on our website at ham.muohio.edu/sga. The report also includes our recommendations for the food service, and I feel this will help respond to your suggestions. Thanks again, and keep the food service comments coming—we want to hear from YOU!

Tyler Bradshaw
Vice President, Student Government Association

Check out the "THE FINAL REPORT" from the Schwarm Commons Renovation Committee for more information on the upgrades at the MUH commons on our website at www.ham.muohio.edu/sga
