

# SGA SUGGESTION BOXES

*You've got  
questions,  
We've got  
answers!!!*

## January 8, 2007

**Suggestion:** *Don't have a dance, but do something!!!*

**Answer:** These general suggestions are a little hard to address, but if you had checked our display board out earlier, you would have noticed the suggestions regarding some sort of MUH dance. Opinions are wide ranging on this issue, and there's no way everyone will be satisfied with the things that go on here at this campus. We forward all suggestions for events to the Campus Activities Committee, and they take it from there. If you would like to become involved with that committee, speak with Ama Boetang. We do our best to address these concerns, but we can't satisfy everyone. Sorry if this sounds blunt, but we get quite a few suggestions on this issue, and no matter what happens there will never be total satisfaction.
